AI ASIA SUMMIT 2026

AI THE MULTIPLIER EFFECT

November 2026

Colombo, Sri Lanka

Beyond a Conference

A Movement

The SLASSCOM AI Asia Summit is more than an event it's the engine driving Sri Lanka's AI transformation.

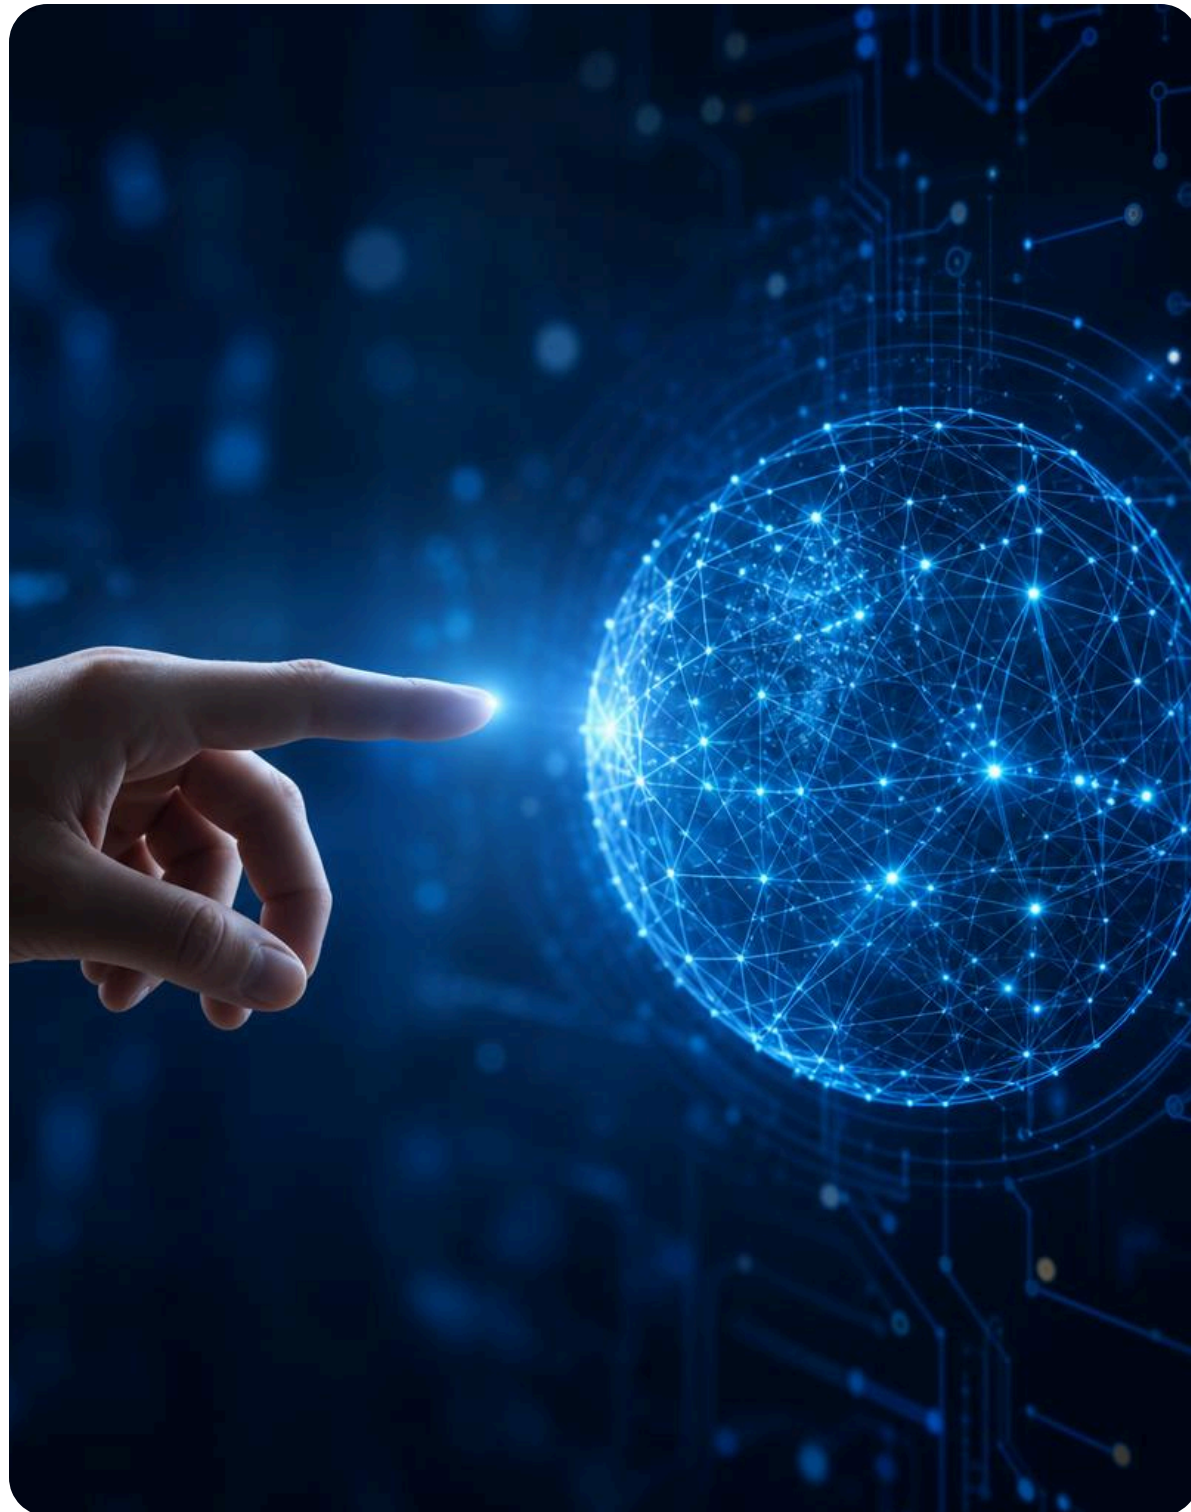

We bring together a diverse ecosystem of thought leaders, innovators, and policy makers to not just talk about the future, but to actively build it.

Our focus is on tangible outcomes:

- fostering collaboration to solve complex challenges
- facilitating partnerships that unlock new growth
- driving AI adoption across key industries to enhance competitiveness and create new economic opportunities.

A Legacy of Influence

The AI Asia Summit's Evolution

- Established in 2018 from platform to cornerstone of national AI dialogue
- Annual November tradition legacy of trust & quality
- Rising participation diverse industries & top-tier talent
- Driving AI adoption & national conversation
- Recognized as the most credible & impactful AI summit in the country

A Narrative of Progress

Our Thematic Journey from Foundation to Action

The SLASSCOM AI Asia Summit is built on a foundation of continuous evolution, with each year's theme strategically progressing to reflect the maturing AI landscape.

- Established a national dialogue on AI and data science to drive innovation-led growth.
- Bridged the gap between the AI tech community and broader audiences.
- Focused on implementing AI beyond pilot projects to achieve full-cycle deployment.
- Explored how AI can be a powerful enabler for environmental and societal progress.
- Showcased Generative AI across sectors, focusing on real-world applications, responsible AI, and ecosystem collaboration.

2026 emphasizes making AI a standard part of how organizations innovate, operate, and create value, rather than treating it as a future trend
